Firdavs Kholov

Backend-first Full-Stack Developer

Bukhara, Uzbekistan | (+998) 94 087-08-98 | xolovfirdavs9@gmail.com | LinkedIn GitHub

PROFESSIONAL SUMMARY

Backend-focused developer with experience in designing, building, and deploying robust APIs and data-driven applications. Proficient in containerizing services with Docker and implementing CI/CD pipelines for automated, reliable deployments. Skilled in translating project requirements into clean, scalable technical solutions while maintaining a strong focus on architectural integrity.

TECHNICAL SKILLS

Backend

Python (Django, Django REST Framework, FastAPI), PHP (Laravel)

DevOps & Infrastructure

Docker (hands-on), Docker Swarm (hands-on), Git, GitHub Actions, Nginx, Linux (Ubuntu)

Databases

PostgreSQL, MySQL, SQLite, MongoDB (hands-on)

Frontend

HTML, CSS, JavaScript (ES6+), React, Bootstrap

API Design

RESTful APIs, GraphQL (hands-on)

Caching & Messaging

Redis, RabbitMQ

WORK EXPERIENCE

Web Developer — Bukhara District 1st Technical School

Bukhara, Uzbekistan — October 2024 – Present

- Designed and developed backend APIs using Django REST Framework to support application features.
- Integrated RESTful APIs with a React-based frontend, ensuring seamless data flow and functionality.
- Containerized applications using Docker and managed multi-service deployments with Docker Swarm.
- Built and maintained CI/CD pipelines using GitHub Actions to automate testing and deployment processes.
- Designed and optimized PostgreSQL database schemas and queries for performance and scalability.
- Collaborated with stakeholders to convert functional requirements into concrete technical solutions.

EDUCATION

Bachelor of Science in Information Systems and Technologies

Bukhara State University — Bukhara, Uzbekistan

Expected Graduation: 2027
